We have not heard a man object to him, in any instance;

And boldly challenge the production of a better medicine for those than rebuke the motive as impure and the advantage we have thought he could carry this county, and we diseases.

### Letter From Gen. Cass.

The following letter from General Cass was received by a committee of the "Young Men's Monumental Association," in reply to an invitation to attend their ball, story held at the Hall of the Mechanic's Institute, Baltimore, on Wednesday 3d inst. WASHINGTON, March 2, 1852.

GENTLEMEN: I should be happy to be with you, agreewhile at the same time I tender you my thanks for the honor you have done me upon this occasion. I wish you a pleasant party, and I am happy at all times to see as sociations like yours formed to extend the principles and to promote the success of the Democratic faith, yet coming together for rational and innocent amusement. And the political prospects are so bright that they cannot but add to the social pleasure of the evening. For the decree has gone forth that the next administration of the Geogral Government must be in the hands of the Democratic party. He who rows may read it in the signs of the times. Our opponents are indeed counting field is more than I can say.

\*\*SAPPLICABLE in all the various diseases of Horses and Call. Lobelia I do where an external application is required, such as Cotha, bornally it do where an external application is required, such as Cotha, bornally it do where an external application is required, such as Cotha, but the wag gave it a French turn by spelling it a pleasant party, and I am happy at all times to see as sociations like yours formed to extend the principles and there it stared the passers-by in the morning. Soon a crowed was collected—anything will collect a grow in Paris—and many and quaint were the morning. Soon a crowed was collected—anything will collect a grow in Paris—and many and quaint were the morning. Soon a crowed was collected—anything will collect a grow in Paris—and many and quaint were the oblitical prospects are so bright that they can of this addition. Such of the spectators as were Englished to the social pleasure of the evening. For the decree has gone forth that the next administration of the poor Frenchmen were sorely puzzled as they turned one toward another, and asked the meaning of the term. The Geomies is propagate. The collect is all the various diseases of Horses and Call. Lobelia I doubl apon our divisions, upon local or personal predilections or other differences of opinion which are to prevent our union and united action. But the result will be a triamphant vindication of the vital energy of our principles, and a signal refutation of those unworthy predictions. As soon as the voice of the party is pronounced in the satablished mode, all other feelings will give way to the satablished mode, all other feelings will give way to the feelings will give way to the satablished mode, all other feelings will give way to the by "a considerable." The Turkish bastinado sinks into complete insgnificance compared to it, and the Russian and we shall all join with zeal and unanimity in supporting the nominations, and thus securing to our country that course of action, which has given us a greater that course of action, which has given us a greater that course of action, which has given us a greater that course of action, which has given us a greater that course of action, which has given us a greater that course of action, which has given us a greater that course of action, which has given us a greater that course of action, which has given us a greater that course of action, which has given us a greater that course of action, which has given us a greater that course of action, which has given us a greater that course of action of the Central Plank and Terre Haute Rail.

Flower and Garden Seeds.

### A Good Commencement.

The Democrats of Delphi have just formed the "Deer Creek Democratic Club," for the discussion of Demo-Creek Democratic Club," for the discussion of Democratic principles and policy, and to aid in the triumph of the entire Democratic ticket. The Delphians have set an example which we hope to see emulated by the faithment of the whole batch of whig aspirants to that high office, so they had better not be nominated—any of them.—Louise for further information address. E. S. COOPER, 1998-19.

Resolved, That in the coming contest we will exert all to Great Britian and Ireland, from Septem honorable means for the success of the Democratic date, include 567,552 bris. flour, 1,324,256 bushels cause, and in so doing we especially recommend to each wheat this year, against 803,456 brls. flour and 790,473 towaship in the county, the formation and organization bushels wheat last year. Reducing the wheat to flour, of a Club for the purpose of discussing the principles of the Demogratic party, and the further object of awaken-flour.—Cin. Price Current, March 17th. ing the democracy to the importance of the present

Resolved, That we recognize the "Weekly Times," as a true exponent of Democratic principles, and most cordially recommend it to the support of every demoerat in this and adjoining counties.

D'Some two hundred Catholies, in the State of Indiana, have published their determination not to vote for any one who has favored Kossuth or his cause. This will no doubt be considered, by all judicious men of the same persuasion, as ill advised in the last degree. Pro- one hundred children. They are actually his own chilscription is a two-edged sword, not to be used in this dren, of the first generation." The old Mormon' cause, are generally the men who sympathized with O'Brien and Meagher; actuated by the same motives in both cases—a zeal for the cause of civil and religious liberty. What peculiar religious elements may be involved in a conflict, our people will not inquire. Our political institutions protect all religious creeds, and regard all like. The Law Could be same motives tracted discussion, has passed the tax bill, which exempts every head of a family, to the value of \$100 worth of cattle, sheep and hogs, or in heat thereof, \$100 worth of any other property. gard all like. The Jew, Catholic, and Protestant are regarded all upon the same platform of civil and religious rights. We don't even allow the notion of toleration, for no one has a right to tolerate others. The introduction of any religious fends into elections here is "For raising a barn," was the reply. regarded all upon the same platform of civil and religedingly out of place. Those who do it will be sorcy heresiter for their indiscretion .- Louisville Dem.

IJ A bill has passed the New Jersey legislature to prevent the employment of children under ten years of age in factories.

This mouth will probably give us some pleasant days.

Let cattle have the benefit of the warm son during the middle of the day. Some people shut up their stock on the north side of buildings and keep them there all winter. Let them feel the warm sunshine when they can—sunshine costs nothing.

See that the wood is all cut and piled during this month, for there will be enough else to do after this besides cutting wood. Draw out manner while the ground is firm enough. Should the weather be pleasant, and the ground ready, the plow may be started, and on ground plowed last fall the spring wheat may be put in. Be careful about moving clay lands while two wet, or you will have more bricks than you can use till another

DR. JOHN BULL'S SARSAPARILLA!! Will Wonders never Cease?

I F she following cures, performed alone by the use of BULL'S SARSAPARILLA, are not wonders, then we acknowledge that we do not know the meaning of the word. Read, and be convinced that facts are stranger than

LINE P. O., Fulton Co., Ky., Oct. 1, 1851.

Dr. John Bull: Dear Sir—The two dozen of your Sarsaparilla, ordered in September, came to hand, and, in acknowledging the receipt of the same, I feel I would be doing you injustice to withhold the following, among the many of the instances that have come under my observation, during the last two years, of the great curative properties of your Sarsaparilla:—

Mrs. Jeannette Martin, a highly respectable lady of my neighborhood, aged sixty-fire years, had been long afflicted with a cancerous ulcer, which finally reduced her to so helpless a condition, that she could not leave her bed. She tried the best medical advice in our county, without relief, and had given up all hopes of a cure. At this stage of her case, I persuaded her son to take a bottle of your Sarsaparilla. He did so, and in a short time returned, and purchased another bottle, stating the first had had a decidedly good effect. She continued to use it until, after the use of five or six bottles, I had the pleasure of seeing the old lady herself at church. She assured me that she had almost entirely recovered her health, and from her I received the account of her disease, and in about the same words I give it to yo—This is but one of a number of cures under my observation—of very remarkable ones—performed by the use of your Sarsaparilla, in my neighborhood. The demand for it has steadily increased since its introduction here.

Very respectfully, your obedient servant,

WM. R. DICKINSON, P. M.

Boyle County, Ky., Oct. 6, 1851.

Dr. John Buil: Dear Sir—I have seen the mest marvellous cure of one of my patients, by your valuable medicine—an old lady, who had been afflicted from her childhood with scrofula, and various diseases of the brain. She was sixty years old. It had run into something like leprosy, and she was the most frightful creature my eyes ever beheld. I called in Dr. McFadden, a very fine physician, to consult with me in relation to her. We came to the conclusion that it was out of our power to relieve her; but, on going to my office, I accidentally picked up one of your Journals, when, on seeing the wonderful cures your Sarsaparilia had effected, I resolved to try the experiment in this case. I took her two bottles of it, after taking which I perceived a great change. I took her some more. She is now taking the sixth bottle, and I consider her catirely cured. I take great pleasure in recommending your Sarsaparilla to the afflicted public.

Yours respectfully,

JOHN M. ROSS, M. D.

I, Thomas A. Ringo, of Graves Co., Ky., for the benefit of mankind generally, do hereby certify, that on or about the 16th day of October, 1847, I was attacked with a very savere pain in the lower part of the abdomen, which lasted but a few minutes, and moved into the left hip, and continued exceedingly painful for about five days, during which time I had a very light fever. At the end of that time the fever ceased, and the pain abated for a day or two, after which it again returned, and was much worse than before. During all this time I was under medical treatment. From a short time after I was taken, I was unable to walk or sit up; the hip in which the pain was so bad commenced rising, until some time in January, when it commenced rising, until some time in January, when it burst, and a number of pieces of bone came out—as many as twenty, at least. Some of the pieces were three-fourths of an inch long. Some time after this, a hard knot appeared on my right hip, also one on my right wrist, and one on my leg, below my knee. I continued to get weak and worse, and pain made its appearance in my right shoulder, and would move in my breast and stomach. At this time all persons gave me up to die. A physician then told me that, as a last remedy, I had better use MR. BULL'S FLUID EXTRACT OF SARSAPARILLA. After the use of the second bottle the knot on my wrist contribute on the second bottle the knot on my wrist contributes. BULL'S FLUID EXTRACT OF SARSAPARILLA. After the use of the second bottle, the knot on my wrist commenced getting soft. I opened it, and a day or two after, a piece of bone came out. My wrist soon got well, and I continued to gain strength. After I used the third bottle, I could get no more for some four weeks, after which time I succeeded in getting three more bottles. After using the three last bottles, the knot on my hip became soft; it was opened, and some corruption ran out, together with a small piece of bone, and the sore soon got well, and the knot entirely diappeared. The sore on my leg also opened, and a piece of bone came out. I continued the use of the Sarsaparilla until I used twelve bottles, and an now entirely well, and able to do daily labor. It may seem strange to some, but I will here state that, during the summer of 1849, I coughed up three pieces of bone, which can now be seen at the residence of my unele. Thos. Neal, where I now live, and if any persons doubt this statement, I will be happy to converse with them, if they will call on my. Signed,

State of Kentucky, Graves Co., Sct.

state of Kentucky, Graves Co., Sct.

This day personally came before me the undersigned, an acting justice of the peace in and for said county, and made oath in due form of law, that the above statement is true. Subscribed and swern to, this lifth day of February, 1850.

S. P. MORSE, J. P. for G. C.

I, Irwin Anderson, Clerk of the County Court of Graves County, State of Kentucky, do certify that S. P. Morse, whose name is signed to the above certificate, is now, and was at the time of signing the same, a justice of the peace, in and for said Graves County, duly commissioned and qualified us such, and that faith and credit are due all his official acts, as such.

qualified us such, and that mean official acts, as such.

In testimony whereof, I have hereunto set my [L. S.] hand, and caused the seal of the County Court of said county to be hereunto affixed, this 18th day of February, 1850.

EDWIN ANDERSON.

Can the reader believe, after reading the description of the above numerous cures, that there is still a few human beings, suffering with disease, that refuse to give Bull's Sarsaparilla a trial. It is indeed hard to believe, but nevertheless, it is too true. What kind of testimony would it take to convince the few remaining disbelievers, that Bull's medicine will do more even than it promises? The dootor sould produce another and another cure performed by his medicine; but if the cases published above will not convice the sceptical, it is useless to produce any more, and, indeed, it would cost a fortile to publish the many certificates that have been showed on Dr. Bull. The largest mamment sheet in America would not contain even the names of those cured, let alone full statements of their cases.

names of those cured, let alone full statements of their cases.

This medicine, when used according to directions, will cure, without full:

Serofula or King's Evil, Cancers, Tumors, Eruptions of the Skin, Erysipelas, Chronic Sore Eyes, Ringworm or Tetters, Scald Head, Rheumatism, Pains in the Bones or Joints, Old Sores and Ulcers, Swelling of the Giands, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Diseases arising from the use of Mercury, Loss of Aspetite, Pain in the Side or Shoulders, General Debility, Lumbago, Bropsy, Jaundlee, Costiveness, Bronchitis, Sore Threat, Coughs, Colds, Weakness of the Chest, Pulmonary Affections, and all other Diseases tending to produce Consumption, Liver Complaints, Femals Irregularities and Cemplaints, Sick and Nervous Headache, Low Spiritz, Night Sweats, Exposure or Imprudence in Life, Chronic Constitutional Diseases, and as a Spring and Summer Drink, and General Tonic for the System, and a Gentle and Pleasant Purgative, it is superior to Blue Lick and Congress Water, Salts, or Scidlitz Powders.

GREAT CURE FOR DYSPERSIAL ANOTHER SCIENTIFIC WONDER!

DR. J. S. HOUGHTON'S

The true Digestive Fluid, or Gastrie Juice.

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Licelig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspapeta, Jaundice, Liver Complaint, Constipation, and Debility, Garing after nature's own method, by nature's own agent, the Gastrie Juice.

Half a teaspoonful of Pepsin, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

ric Junes, the chief element, or great digesting principle of the Gastric Junes, the solvent of the Food, the purifying, preserving, and standard agent of the stomach and invasines. It is extracted from the digestive stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Junes in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of indigestion and dyspepsin are removed, just as they would be by a healthy stomach. It is doing wonders for Deyspeptics, curing cases of Deblity, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed tobe on the verge of the grave. The scientific evidence upon which is based, is in the highest degree curious and remarkable.

Ruren Liebig in his celebrated work on Anumal Chemistry, says:

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Anamal Chemistry, ways.

"An Artificial Digestive Fluid, analogous to the Gastrie Julier, may be readily prepared from the unicous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened changed, and digested, just in the same manner as they

softened, changed, and digested, 193 in the same manner as they would be in the human stomach.

Dr Combe, in his valuable sertitings on the 'Physiology of Digestion,' observes that 'a dimination of the due quantity of the Gastric Juice is a prominent and 21-prevailing cause of Dyspepsia," and he states that "a distinguished professor of medicine in Loudon, who was severely afflicted with this complaint, finding everything clse to fail, had recourse to the Gastric Juice, obtained from the else to fall, had recourse to the Gastrie Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the finid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in nowise different from the natural digestive pro-

Dr. Simon's great work, the "Chemistry of Man," (Lee & Blanchard, Philadelphia, 1846, pp. 321-2) says: "The discovery of PEP. SIN forms a new era in the chemical history of Digastion. From recent experiments, we know that food is dissolved as rapidly ha an artificial digostive fluid, prepared from Pepsin, as it is in the natural Castric Inno itself?"

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of Persta, and state many interesting details respecting The fact that an Artificial Digestive Fluid, or Gastrie Juice, perfectly resembling the natural dold, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia- so naturally does such a use suggest itself to the mind.

As A DYSPEPSIA CURER.

Dr. Houghton's Pennin has produced the most recognitions of persons in

Dr. Houghton's Pepsin has produced the most marvellous effects, to curing cases of Debility. Emaciation Nervous Decline, and Dyspeptic Censumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than two hundred remarkable cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but perma-

It is a great Nervous Antidote, and particularly useful for tenden-oy to Billious Disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in enting, and the too free use of ardent spiras. It almost reconciles health with intermerance. reconciles health with intemperance.
OLD STOMACH COMPLAINTS

There is no form of Old Stomneh Complaints which it does not seem to reach and move at once. No matter how bad they may be it gives instant relief. A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of blood, and vigor of body Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emuciation, Weakness, tendency to Insunity, Scieide, Dr. Houghton's Pepsin is sold by nearly all the dealers in fine

drugs and popular medicines, throughout the United States. It is prepared in Powder and the Fluid form—and in Prescription visits for the use of Physicians.

Private Circulars for the use of Physicians, may be obtained of Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the sunhorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection can be raised against its use by Physicians in respeciable standing and regular practice. Price One Dollar per bottle.

Describe This!—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copy-right and Trade Mark secured.

Sold by all Druggists and Dealers in medicines.

AGENTS—Craighead & Browning, Indianapolis, wholesale and retail Agents for the State of Indiana.

Dumb Asylum, Judge Perkins, Mesars, R. R. Linderhill, J. W. Holland, Dr. Bullard, and D. Craighead.

GEO. D. WINCHELD, North-West corner of Pearl and Walnut Streets,

CINCINNATI, OHIO, MANUFACTURES and keeps constantly on band, a large and general assortment of Japannest, Ornamental, Bronzed, and Pressed Tin-Ware, which he offers to sell to Country Merchants, Stove and Tin Dealers, Pediars, and others, at such prices as will yield a handsome profit to the buyer. Every article he offers for sale is made in his own shop, and under his personal superintendence, from the raw material. And in this particular he claims to have it in his power to offer induconcents far superior to any other dealer in the West.

Having recently made large additions to his manufacturing de-

dealer in the West.

Having recently made large additions to his manufacturing department in the way of room, machinery, and a grenter number of working, he hopes to be able to stipply the increasing demand.

Dealers who have been accustomed to making their purchases in the eastern cities, will find that they can do equally as well here in point of price and quality, and, in addition to this, they can always buy just what they want, and may fill up their stocks just as they may desire, without the inconvenience of waiting six weeks or two months for a supply from the East.
